

BREVETTI CEA SPA

NEW RANGE OF INSPECTION MACHINES

BREVETTI CEA leader company in the production of automatic inspection machines for parenteral solutions in pharmaceutical market will take part to Pharmintech Bologna trade fair, with the presentation of its production at Pavilion 22 stand B60. BREVETTI CEA has been operating in the injectable solutions field for more than 50 years, dealing with liquid and lyophilized products in vials, ampoules, syringes and cartridges at a speed from 10 pcs/min to 600 pcs/min. The machines express the state of the art in terms of quality and reliability of inspection, productivity, and line efficiency. More than 700 working installations, a worldwide presence and a professional assistance net assure BREVETTI CEA's customers continuity of service, support for qualification's and validation's activities, specialized assistance dedicated to applications' tuning, with the aim of reaching very low false reject rates.
